Short profile of the Organisation: Muzeiko Foundation is a Bulgarian legal non-profit entity. The foundation is working for achieving the following aims:

- To provoke children to learn and to sparkle their interest towards world, science and art through play;
- To improve the educational system and the communities, working for children's wellbeing, through reviving children's curiosity and interest towards the educational process
- To impact the local economy, infrastructure and cultural development as being a catalyst for economic development itself;
- To motivate social engagement, to provide the families a place for sharing their talents

The organization has a capacity in the following areas:

a) Development of interactive, educational programs

In partnership with Da Vinci Media we have developed and put in practice a concept for Science Lab. The lab is now a reality in Muzeiko Educational Hub together with a curriculum for Chemistry and Physics workshops.

In addition, in cooperation with ECSITE (European network science centers & museums) in 2016 we developed and conducted a program within Sea Change project, aiming to empower ocean literate citizens.

b) Professional communities in museum education

Muzeiko Foundation is co-organizer of the community "Together with children" which aims to unite museum educators, specialist in non-formal education, galleries, museums employees, public institutions and other non-profits, working with children.

c) Methodological support and teachers consultations

Since 2014, Muzeiko Foundation has organized a series of meetings with teachers and school principals in Sofia and the country for sharing the methodology and our in-house developed programs and workshops.

d) Technical and organizational capacity

Since 2015, Muzeiko Foundation is responsible for the management, maintenance, equipment and daily running (as well as educational programs development and conducting) of Muzeiko Educational Hub. Various training, science and art workshops and partners' events are conducted in Muzeiko Educational Hun.

Muzeiko is a member of ECSITE (European network science centers & museums) and the Association of Children Museums. As such we have access to the expertise and the resources of a whole world of science, education and work with children
