

Otwarte konkursy Clean Hydrogen

Ciepło i moc - Heat and Power

<u>Temat</u>	Typ	Budżet (projekt/ temat) [mln EUR]	Zamknięcie
*HORIZON-JTI-CLEANH2-2022-04-01: Design and industrial deployment of innovative manufacturing processes for solid oxide fuel cells systems and fuel cell components	IA	7/7	20.09.2022
HORIZON-JTI-CLEANH2-2022-04-02: Ammonia powered fuel cell system focusing on superior efficiency, durable operation and design optimisation	RIA	4/4	31.05.2022
HORIZON-JTI-CLEANH2-2022-04-03: Reversible SOC system development, operation and energy system (grid) integration	RIA	5,5/5,5	31.05.2022
HORIZON-JTI-CLEANH2-2022-04-04: Dry Low NOx combustion of hydrogenenriched fuels at high-pressure conditions for gas turbine applications	RIA	4/8	31.05.2022
